Clear View Desk Barriers are a durable, sturdy and cost effective solution devised to help keep students and teachers safe as they return to the classroom. Made with 100% recyclable materials, the corrugated plastic and non-yellowing optically clear windows offer strong durability with easy to clean and sanitize surfaces. The Clear View Desk Barriers are available in two sizes, 20" and 24", to

accommodate nearly any school desk. Additionally they fold flat for easy cleaning and storage. This is the most cost effective product on the market to help ease the concerns of parents, students and teachers in the classroom. Custom printed decals with your school logo are also available. Logos will be applied prior to shipping.
